Pop, without you I wouldn't have met my husband & I wouldn't have the most incredible gifts of God you worked roofing with Roy (BAM)teaching him your trade which brought us together. You traveled with us up the Mountains for some wonderful times in WV and excepted my children as your grandchildren creating boom fires 🧨 your family became ours & the precious memories that were given will always put a smile on my face and I am sure theirs. at the time you cane to live with me I got to know a little more about you as your daughter in law with conversations of your Mom & Dad brothers & sister's even Vietnam Was experiences but most of all how you did love your family grandchildren & great grandchildren. You loved your coffee & Western Movies Law & Order and one time I listened while you watched Miracle on 34th St., you would make us delicious Pork Chops Dakota's favorite and you would put a smile on that boys face every time. Pop your now with Bam something you longed for because you missed him so much your happy reuniting with your loved ones & I am happy for that. may us here on this earth know the love in your heart as well as Jesus We will miss you ♥
