Tiff I remember it like it was yesterday the day you we're born, biggest day of my life and the happiest it was instant love a mother feels the moment you look into each other's eyes your in love, I shared my heart with you and I couldn't imagine sharing it with anyone else but you. I remember dressing you up in probably 10 outfits a day you're grandmother was estactic about you and she would buy everything in the store you were always dressed like a babydoll. You stole everyone hearts from great-grandmom who loved you to pieces. To all your aunt's you had that black curly hair, oh and not to mention the big ribbons we made you wear lol. But I'll miss you every day for the rest of my life and I believe in my heart baby we will be together again. I love you forever and always. #Infinite

Tiff at Anthony's birthday party. She was right by his side. You can see she's smiling and happy for him opening his presents. Noticed how she wants to help. "When someone else happiness is your happiness, that's LOVE"

I met Tiffany when she was just 3 years old. We played barbies and read books together. She was the queen of the castle at her grandparents house. We spent summers at Ocean city and played together on the beach. Tiffany was a very special cousin to Anthony. She was so protective of him and treated him more like a little brother than a cousin. You couldn't mess with Anthony if Tiff was around, she just wasn't having it! Time went on and when my father died Tiffany came out to my apartment for the summer and helped me take care of Amthony so I could work. I was in a bad way but having her to help and support me meant the world. We got into a lot of mischief (I won't mention) We had a ton of laughs. We had a bladt putting make up on and doing our hair. I didn't get to see her as much as I would ñike to in recent years. Tiffany was a wonderful mother and friend. She would always lend her ear if anyone needed her to listen. Life can be a struggle, it comfort me to know she is with the good lord now. Free of pain, struggle, depression and anything else that was bringing her down. I'm saddened for Tiff's children and family left behind morning her loss. I know how much she loved being a wife and mother and tried to do her best every day to love and care for them all. I deepky regresa not reaching out more in the past few years. I'll keep all my memories of you from a child to a young beautiful woman. I was blessed to know you Tiff. Miss you, Love Patty

She really had a kind heart and a contagious laugh. I'm thinking back at all the good times we had cooking out, going shopping, and watching movies. I'm laughing thinking about Anthony drinking all Tiffs sodas. I remember asking her to babysit and she would say "if you bring me soda" Anthony drank all her soda up 🍹

I miss you mommy. I will always miss you. It's been 3 years without you and my world did in fact end when u died. We didn't get along well but I still love you and I always will. Seeing you in a casket left me traumatized and unknown what to do. When we did get along u where like a brightness to my life. I don't know why this would've happened to me after u worked so hard to get us back. I miss you. I forgot how you sounded and I wish I could go back to the day where u said u loved me before you left to the hospital. I wish I knew it was my last I love you and my last hug from you. I would've hugged you longer. Everything has gotten worse since u died. I miss you mommy. I will always miss you my angel ☐

**Afterglow**

I'd like the memory of me  
to be a happy one.  
I'd like to leave an  
afterglow of smiles when life is done.  
I'd like to leave an echo  
whispering softly down the ways,  
Of happy times and laughing times  
and bright and sunny days.  
I'd like the tears of those who grieve,  
to dry before the sun;  
Of happy memories that I leave  
when life is done
