i absolutely loved and adored linda. i worked with her at retina for 2 years. We had many lunch's after we both left retina and kept in contact. she made me laugh and always kept a smile on my face. I will never forget her and the many many hours we talked and texted and played candy crush together. My prayers and thought go out to the family for this loss. She cherished her family and talked about the girls to the ends of the earth. The world will not be the same with out her!!!!
