Pop, I know I should have written this sooner but it's better late than never. As I told you in life many, many times you are the guiding light that has always kept the boys & I grounded. Life has been crazy since you've left but I'm confident everything will fall into place soon enough because your still guiding us i just wish you were still here to guide us. We know you will always guides rather if it were while you were here or if your going to guide us from the beyond. We miss you so much Pop. What we would do just to hear your voice one more time. What I would do just to hear "I love you babygirl, be safe" Please keep being our guiding light just as you've always been. I am so blessed to have had you as my "father" these past 11 years. I will always love & cherish you & the times I've had with you!!! Always Forever Your Babygirl!!!
